

### TRAVEL ADVISORY FOR AUSTRALIA

- 1) As announced by the Australian Federal Government, from 15 December 2021, fully vaccinated [eligible visa holders](#) can travel to Australia without needing to apply for a travel exemption. This includes eligible visa holders in Australia seeking to depart and return.
- 2) Australia considers a person to be fully vaccinated if he/she has completed a course of a Therapeutic Goods Administration (TGA) approved or recognized vaccine. This includes mixed doses. Please refer to this link for more details: <https://covid19.homeaffairs.gov.au/vaccinated-travellers>.
- 3) Before booking flights, travellers must check the [quarantine and other arrangements for the state or territory](#) to which they are travelling. Travellers must be prepared to comply with any requirements, including by providing any required information to the relevant state or territory, and complying with post-arrival testing requirements. This also includes complying with arrangements for unvaccinated or partially vaccinated children aged 12-17 years old.
- 4) Before commencing travel to Australia, it is recommended that travelers refer to this link to ensure they complete all pre-departure requirements: [before-i-travel](#).
- 5) Travellers must note that border restrictions in respective States and Territories are subject to change without notice particularly with the detection of new Omicron COVID-19 variants among international arrivals in Australia. Hence, all travellers are advised to regularly check the information for entry into respective states in the links given below:
